

NOTICE TO INMATE POPULATION**December 29, 2020****RECEIVED****JAN 11 2021**

FCI Fort Dix is experiencing a surge in the number of COVID-19 cases among inmates and staff similar to the current surge in the local community and throughout our country. There are currently active inmate cases on the East and West compounds and the Camp. As a result, numerous units are on isolation and on quarantine status, in accordance with Bureau of Prisons and the Center for Disease Control guidelines.

It is important to continue to follow prevention and control measures such as wearing a mask at all times; frequent sanitation, social distancing and reporting of symptoms; including fever, cough, shortness of breath, new-onset trouble speaking, loss of taste or smell, fatigue, muscle or body aches, sore throat, and stuffy/runny nose, which may occur within 2 to 14 days of exposure.

Dear Clerk of Court,
Please ADD this to the
Docket FOR Case NO. 18-588.
The situation here at FORT
Dix is DIRE. The "Surge" in
the COVID-19 VIRUS is TERRIBLE
here at FCI FORT Dix. The
Number of Inmates infected by
the VIRUS is being misreported
by the BOP. Even though there
are 590 inmates sick via the
BOP website the numbers are

Much higher well over 1200 sick inmates with different units getting re-infected a second time. Please find this internal memo asking the inmates to clean but the inmates ARE NOT given cleaning solution at all. The following is a current list of problems.

- ① New inmates still are being transferred in
- ② Sick inmates with COVID-19 are cooking for inmates
- ③ There is zero medical attention
- ④ Staff are not wearing masks and no staff is wearing PPE at all.
- ⑤ Inmates are not on true quarantine, they interact with other units in food service, commissary, laundry, facilities and education.
- ⑥ I am in a building with 300 men not in isolation

Sharing phones, computers, bathrooms, showers, and all facilities without ever being cleaned.

(7) Inmates never wear masks and are exposed to staff without PPE or masks all day.

(8) Staff continues to cross containment units by working in a different building and going straight to the next building.

(9) I have NOT been given a new mask since July of 2020.

(10) I haven't seen medical with my dizzy spells since July even though I was supposed to.

(11) NO MORE temperature checks.

(12) I sleep within 3 feet of 7 other men.

(13) My room hasn't been

Cleaned since I got here
5 weeks ago with any
cleaning solution because
we aren't given any.

(14) I Am being forced into
a Room 20x30 every
Day with 300 men for
mail call and Town Hall
meetings with All inmates
not having a mask because
we haven't been given a
mask since July of 2020

(15) Staff is a super spreader
mixing from compound to
inmate All Day Every Day

(16) I can't social distance
at all and can't protect
myself at all.

Your honor, whatever the
Government says you can't
believe what I am living through
and If I make it out of here
alive it is truly a miracle.

As Bas as the news says the

WORLD IS, imagine being ON
top of 300 other men in
very small space with 2700
other men all around you
infected with covid-19.

Whatever the BOP is saying
they are doing to protect
me they have done ZERO.
I Don't even have a clean
mask to protect myself. The
last mask I got was in July
of 2020. I pray every day
that I see my family again
because the lack of protection
the BOP is giving me is truly
criminal. The BOP is doing
Nothing and I mean Nothing!
Please find the memo about the "Surge"

Very truly yours,

Jeremy Hare
